From the start we knew we had found the best storage barn builder. A&L builds these to last and it shows! A&L knows the shed/barn business and helped us with the information that no other sales lothad even offered! Delivery and set up was done with such ease and care! I would highly recommend A&L for any storage shed you have. -Michael Brown, White Pigeon, MI

OPTIONAL FEATURES

1. **Treated wood blocks. These are included with our free delivery & set up.**

2. **Patio blocks are a better choice. These are more sturdy than the treated wood blocks. You will have to provide them for the driver, and he will use them.**

3. **The best foundation you can put down other than a cement pad is a pad of limestone, gravel. or crushed asphalt. We would recommend it to be about 6" thick and a foot wider & longer than the size of your building.**

Customers are responsible for any building and zoning permits.

Sites must be level and ready before the driver arrives with your building. The building site should be a hard, level surface. If the site is not leveled properly, the doors will not line up correctly and the doors won't operate smoothly.

Rent-To-Own Program:
No credit check is necessary if purchasing is not an option.

Same As Cash:
Pay off agreement in 90 days with payments made on time.

Early Purchase:
Pay off your building early without any penalty fees.

Own The Barn:
Once contract obligations are met the barn is yours.

Free Delivery & Setup for up to 130 Miles from LaGrange, IN
